

RECOVERY TOOLKIT – ONLINE and CD-ROM TUTORIAL

We encourage you to use the materials in the Recovery Advocacy Toolkit to mobilize and organize in your community to make it possible for even more people to experience long-term recovery from addiction. In the front pocket of the toolkit there is a CD-ROM of all materials in the toolkit. You can download different documents and re-format and print them. We encourage you to personalize any of these materials with your organization's contact information, logo or other identifying material.

You can also download all of the Recovery Advocacy Toolkit materials from the Faces & Voices of Recovery Web site at:

http://www.facesandvoicesofrecovery.org/publications/advocacy_toolkit/index.php
