“Civic engagement” simply means *becoming involved in your community* - recovery advocates are striving to change discriminatory public policies and ensure that *recovering individuals receive the help they need...*

It's an Election Year - Recovery Alliance is organizing!!!

- 1.) **Voter Registration:** Every successful civic engagement campaign starts with REGISTERING PEOPLE TO VOTE.
- 2.) **Voter Education:** The more people know about the issues that affect them, the more likely it is that they will participate in civic affairs. We provide them with information about the issues and the candidates' positions on those issues.
- 3.) **Voter Participation:** MAKING CERTAIN THAT VOTERS GO TO THE POLLS ON ELECTION DAY... This is called GET-OUT-THE-VOTE!!!!
