

Endorse The Recovery Bill of Rights! The Recovery Bill of Rights is a statement of the principle that all Americans have a right to recover from addiction to alcohol and other drugs. We call on every American to take action to build communities of recovery that will support the millions of Americans and their families still needing help and to end discrimination facing those in long-term recovery.

Make a difference by voting! When you check the first box below, you are pledging to **make your voice heard** by registering and casting your vote on Election Day, **learning where candidates stand** on issues that affect the recovery community, and **encouraging others to get involved**.
